CANCELLATION OF ITS CERTIFICATE OF CONVENIENCE AND NECESSITY TO
PROVIDE COMPETITIVE COMPETITIVE TELECOMMUNICATIONS SERVICES AS A
FACILITIES BASED CARRIER

STAFF ACKNOWLEDGEMENT

The Staff Report for Network Access Solutions., Docket No T-3821A-03-0499, was the responsibility of the staff member listed below. Adam Lebrecht was responsible for the review and analysis of the Company's application to cancel its Certificate of Convenience and Necessity.

ADAM LEBRECHT
Executive Consultant I

Introduction

On July 21, 2003, Network Access Solutions ("NAS") filed an application with the Arizona Corporation Commission ("Commission") requesting approval to cancel its Certificate of Convenience and Necessity ("CC&N").

Background

On August 25, 2000, the Commission, in Decision No. 62864, originally granted a CC&N to NAS to provide competitive intrastate telecommunications service in Arizona as a facilities-based carrier.

NAS requests Commission approval to discontinue its authority to provide facilities-based intrastate telecommunications services, abandon its CC&N and revoke its tariff in Arizona.

Staff Analysis

NAS filed its application to cancel its CC&N on July 21, 2003. NAS is no longer providing facilities-based intrastate telecommunications services in Arizona and has no customers.

Consumer Services Staff has indicated that there are no open complaints, inquiries or opinions concerning NAS. Consequently, there is no risk that an advance, deposit and/or prepayment of funds from Arizona customers would be lost by canceling NAS' CC&N.

Since there are numerous other carriers offering similar services, Staff believes granting this application for cancellation of NAS' CC&N is in the public interest.

Recommendations

Staff recommends the cancellation of NAS' CC&N.

Upon cancellation of its CC&N, NAS will no longer be authorized to provide competitive intrastate telecommunications service as a facilities-based carrier in Arizona and therefore, will no longer be subject to the requirements of Decision No. 62864.
